

INTERNATIONAL WOMEN'S DAY

WOMEN IN TECH

As of 2022, women hold 26.7% of technology jobs. Notably, compared to entry-level roles, roles higher up in the org chart (like CTOs or heads of engineering) have even lower representation of women. At Ceptes, that number stands at 45% and we are working hard to increase it YOY

EQUALITY FOR WOMEN

Female software engineers make 0.93 cents to every dollar earned by a male software engineer. At Ceptes, everyone has the same opportunity regardless of gender

CEPTES WOMEN IN TECH VS
GLOBAL STATS

45% VS 26.7%

PANDEMIC & WOMEN IN TECH

54% of women surveyed report that pandemic conditions made it challenging to stay employed in tech positions. Even during pandemic and post pandemic, we were and still are on the lookout for exceptional women who are passionate about Tech

AS AN EQUAL OPPORTUNITY
EMPLOYER, WE VALUE THE
COMMITMENT & PERSPECTIVE
THAT WOMEN BRING
